

A HOME TOWN PAPER FOR HOME TOWN PEOPLE

VOL. XXVII

SOUTH SAN FRANCISCO, SAN MATEO COUNTY, CALIF., FRIDAY, APRIL 23, 1920.

NO. 17

## SERVICE CLUB ORGANIZED FOR CO.

PLANS MADE FOR MEETING AT STANFORD MAY 7, WHEN DR. LYMAN WILBUR, STANFORD'S HEAD, WILL PRESIDE.

The San Mateo County Community Service Club perfected its organization at a meeting held a few evenings ago. Plans were made for a public meeting to be held in San Mateo Friday, May 7th. Eustace M. Peixotto of San Francisco will be present and explain the work being done by the Community Service Clubs throughout the country. Dr. Lyman Wilbur, president of Stanford University, has been asked to preside at the meeting.

A Community Service Club has been under way at Palo Alto for some time. Courses are being given in domestic science, including cooking and sewing, also dancing, first aid, and other kindred subjects. The movement is also under way at Oakland, where a club is being organized.

The following well-known citizens of the county have been elected to the board of directors:

Walter Hoag, San Mateo; Joseph Ruegg, San Mateo; E. J. Tobin, Hillsborough; Joseph J. Hahir, Redwood City; John Wisnom, San Mateo; Captain H. W. Maloney, Palo Alto; John Rothchild, Hillsborough; Lyman Pierce, Burlingame.

## FALL DOWN STAIRS INJURES BABY'S BACK

Regina Bianucci, four-year-old daughter of Mr. and Mrs. Bianucci of 510 Baden avenue, South San Francisco, was taken to the hospital Monday suffering from a fractured spine received by falling down stairs.

## DR. F. S. DOLLEY SPEAKER OF EVENING AT BURLINGAME

Three hundred Masons, members of the five lodges of the thirty-eighth Masonic district, assembled at Burlingame Tuesday night and made merry at a banquet. The speaker of the evening failed to put in an appearance, and Dr. F. S. Dolley of this city, called upon to fill his place, proved his versatility by delivering an address, which all present declared was a model of eloquent grace.

## EPWORTH LEAGUE PLANS SOCIAL FOR FRIDAY NIGHT

The Epworth League of the Methodist church will hold a social at the Y. M. C. A. rooms tonight (Friday). The committees are as follows: Entertainment, Miss Viola Hein, Glenn L. Williams, R. Baldwin; program, D. L. Smith and Miss Alice Stearns. The in charge have extended a cordial invitation to the public.

## HOLD WHIST PARTY HONORING VISITORS

Mr. and Mrs. L. E. Adams gave a whist party at their home on Miller avenue Wednesday night in honor of Mr. and Mrs. H. Harris, sister and brother-in-law of Mrs. Adams, and Mrs. Harris, her mother, all of whom are visiting at the Adams home. There were sixteen guests present. Mrs. L. G. Hardy won first ladies' prize, while M. Grubb of San Francisco won first men's prize. Refreshments were served during the evening.

## FRANK BELLU SERIOUSLY INJURED AT STEEL MILL

Frank Bellu of 338 Lux avenue, South San Francisco, had his back seriously injured last Friday when one of the huge molds with its weight of ingot fell upon him while it was being moved. It was a narrow escape from death, as the great mold and its burden of metal would have crushed the life from the man had it struck him squarely. As it is, his back received injuries that may keep him in the hospital for several months. One of his ribs was also fractured.

Bellu, who is a member of the "pit gang," is a married man.

## SCHOOL CHILDREN COLLECT OVER \$190

Youngsters Work Hard for Benefit of Children's Home Society of California.

The school children of South San Francisco proved themselves hustlers this week when they collected \$190.50 on "Tag Day" for the benefit of the Children's Home Society of California. If any person in South San Francisco failed to wear one of the little red hearts that marked him as a contributor to the cause of providing homes for homeless children, it was not the fault of the children. Practically all the children of the grammar school worked in the good cause and all were more or less successful, but to the fourth grade went the honor of taking in the largest amount, it having collected over \$30.

Mrs. Mildred B. Kennedy, a field worker of the extension department of the society, visited South San Francisco Friday, explained the purpose the money was to be put to the children in the school, and gave out the hearts. Monday the youngsters went to work with a will. Each child selling \$1 or more was given a silk flag. The fourth grade was given a California pennant.

In a visit to the office of this paper Mrs. Kennedy told something of the society and the work that the efforts of the children is helping to finance. According to Mrs. Kennedy, the organization has placed 4000 children in homes since it was established. Last year alone it found homes for 569 little ones. One of the slogans for the society is "If you know of a child needing a home or a home needing a child, let us know."

Mrs. Kennedy stated that following the great war and afterward the epidemic of influenza, the number of homeless children was vastly increased, but the society has up to the present time met every demand made upon it. It is supported entirely by voluntary contributions, and the work of school children in "Tag Days" over the state is a great assistance.

Mrs. Kennedy expressed herself as greatly pleased at the work of the children in this city.

## SCHAW-BATCHER SHIP DAMAGED BY BLAZE

A fire that threatened for a time to spread to disastrous dimensions broke out Sunday morning in hull No. 15 at the Schaw-Batcher shipyard. This hull is now nearing completion and owing to its being Sunday only a small number of employees were in the yard at the time. The blaze, starting in the cold storage room of the vessel, had gained considerable headway before its discovery, but was soon put out by employees, the damage being confined to the cold storage and officers' mess rooms. An attempt was made to call the South San Francisco fire department, but owing to a cross circuit with high-power lines near the Pacific Coast steel mill the telephone was out of order. When at last communication was established with the fire department, a quick run was made to the shipyard, but the blaze was out when the department arrived. The management of the yard expressed appreciation for the quick response the firemen made when they learned of the blaze.

The cause of the fire is unknown.

## MRS. M. SHAPLAND AND DAUGHTER TO BE BURIED

A double funeral will take place at All Souls' Church Saturday morning at 9:30 o'clock, when services will be read for Mrs. Mary Shapland and Miss Margaret Shapland, mother and sister of Mrs. J. B. Maule of South San Francisco. Mrs. Shapland died at the home of Mr. and Mrs. Maule Wednesday, her daughter Margaret following her in death Thursday at Stockton, Calif. Mrs. Shapland has made her home with her daughter on Miller avenue for some time and has many friends in South San Francisco.

Besides Mrs. Maule there are left three sons, George, Edward, and Charles Shapland, and two daughters, Mrs. T. L. Davies and Mrs. B. I. Norton.

The burial will be at Holy Cross Cemetery.

## PRIVATE MOSQUE OF THE SULTAN

Private mosque of Sultan Mohammed VI of Turkey at Yildiz, where he goes every Friday for prayer.

## NEWLY ELECTED CITY TRUSTEES TAKE THEIR SEATS ON BOARD

An audience that taxed the capacity of the city hall assembled Monday night at the trustees' meeting to see the induction into office of the newly elected city officials. Seats were not available for all who attended, many standing through the entire meeting.

A number of routine matters came up before the old board for settlement. Bills were audited and ordered paid, among them the claims of officials of the municipal election.

A communication was received from County Clerk Elizabeth M. Nash, stating that in the matter of Ordinance 101 of this city, whereby South San Francisco turned over to San Mateo county that portion of Mission road lying within the town limits, District Attorney Franklin Swart had instructed the county supervisors that no action on their part was necessary in the matter. This was in answer to a letter from City Clerk W. J. Smith inquiring what action the supervisors had taken.

A petition was received from Elena Regina Circle, U. A. O. D., asking permission for the holding of a dance the night of Saturday, April 24th. The permission was granted for the dance to be held from 8 p. m. to 12 o'clock.

The board canvassed the votes cast at the recent municipal election and passed a resolution accepting the returns. The city clerk was instructed to issue certificates of election to G. W. Holston, Henry Scampini, and L. G. Hardy Jr., trustees, to Daniel McSweeney, city clerk, and to E. P. Kauffmann, city treasurer.

## FIERY FLUID TAKEN FROM DRUG STORE

Jennings' Pharmacy Entered; Barrel of Alcohol Is Stolen.

Somebody with a liking for the cup that cheers and with tastes to favor liquid refreshments of no matter how strong a quality, entered the store-room of the Jennings pharmacy in South San Francisco Tuesday night and relieved its owner of twenty-five gallons of high-grade alcohol. Mr. Jennings declares the liquid to have been 188 proof and 94 per cent pure, so if the thief designed it for drinking purposes it should furnish many a glorious "jag."

The drug store was closed and locked at about 11 o'clock Tuesday night. Wednesday morning the barrel containing the fluid was gone. The storeroom is in the rear of the store and the back door was found locked, showing that the thief entered with a pass key. He or they left no clue as to identity.

Kauffmann, city treasurer. Holston, Scampini, Hardy, and Kauffmann then took the oath of their office and the trustees took their seats on the board.

W. J. Smith presented his resignation as deputy tax collector, which was accepted.

The board then organized by electing Holston first temporary, then permanent, chairman.

Mr. McSweeney presented his bond in the sum of \$10,000 in the Fidelity Deposit Company of Maryland. Because of the constantly increasing amount of money handled by the deputy tax collector, it was decided to raise the bond to \$15,000. The bonding company's charge is paid by the city.

Mr. McSweeney presented his bond in the Fidelity Deposit Company of Maryland, which was accepted.

Thursday night the board held an adjourned meeting. Plans and specifications for the new fire alarm system for this city and for an extension of its sewer system, as well as resolutions calling for bids for the work, were passed. The sewer extension and fire alarm were provided for in the bond issue of last June.

On motion, the board decided to pay a fee of \$5 for the admission of Dr. J. C. McGovern, health officer, into the national organization of health officers.

The bonds of City Marshal C. C. Conrad and City Treasurer E. P. Kauffmann were accepted.

## PLAY BY CHILDREN PLANNED FOR TUESDAY

"Tom Thumb Wedding" Is Announced; Forty Children in Cast.

A play staged by children of South San Francisco is announced for next Tuesday evening at Fraternal Hall. The play is entitled "A Tom Thumb Wedding." The director of the juvenile drama is Grace Bean of Kansas City, Mo., who has trained many children for similar performances. The evening's entertainment will be given under the auspices of the Epworth League of South San Francisco, the funds secured to be turned over to the new Methodist church. As the play is a novel affair it is expected there will be a large attendance. There will be forty children in the cast.

Mr. Jennings states the alcohol was of a value of about \$165, and if the taker objects to sending his check in payment, currency will be accepted. He offers, also, to pay \$1 for the return of the barrel.

## WOMAN'S CLUB PLANS MUSICAL FOR MAY 4

Noted Artists Engaged to Appear on Program for the Benefit of Club's Building Fund.

The music-loving people of South San Francisco and its environs are to be given a treat the evening of May 4th, according to plans announced by the Woman's Club. A musicale with several noted artists on the program is being arranged, and the members of the club declare it will far eclipse any previous event of the kind ever staged in South San Francisco. Mrs. Hugo Mansfield will act as piano soloist. Mrs. Chuseman, mezzo-soprano, is also on the program, and will include many Italian numbers, operatic and popular, in her repertoire. Mrs. Frederick Crowe will be the accompanist for the evening. Mrs. James Hazlett will render several recitations. Those who have heard Mrs. Hazlett declare her to be a finished artist in her line.

There will be many other features, including a children's ballet and fancy dancing. The entire program has not yet been arranged, but nothing but first-class features, it is declared, will be given a place.

The funds received from the performance will go to the Woman's Club building fund.

The entertainment will be held at the Royal Theater.

## JOHNSON BOOSTERS TO HOLD GATHERING

A public meeting of the San Mateo county "Johnson-for-President" Club will be held in the high school at San Mateo tonight (Friday) at 8 o'clock. The gathering will be addressed by several brilliant speakers, among them Hon. J. J. Dwyer and Thos. L. Lennon. A band has also been provided to enliven the occasion. An invitation has been extended to everybody to attend and bring all their friends.

## FIRE DEPT. CALLED TO BAY POINT RESTAURANT

The fire department responded to an alarm at the Bay Point restaurant Monday. The blaze was caused by an overheated oil range. The damage was of about \$50 extent.

## JOHNSON LEADS IN SOUTH SAN FRANCISCO

Recently The Enterprise asked for an expression of the people of this city and its environs as to their favorite candidate for President of the United States. In all, 93 answers were received. Of the votes received, Hiram Johnson has about a 2 to 1 majority over his nearest rival, Herbert Hoover. The votes cast for the other candidates were few and far between. It is noteworthy no Democratic votes were received. Here are the figures:

Johnson	59
Hoover	26
Wood	6
Lowden	2
Total	93

## SAN BRUNO MAN IS INJURED AT STEEL MILL

Tony Figueredo of San Bruno, a helper at the open hearth of the Pacific Coast steel mill, was injured at the mill Monday. His hurts are not of a serious nature, it is believed. Tony was hovering into one of the furnaces when his foot slipped and he was thrown, a badly sprained back resulting.

## LARGE AUDIENCE SEES DANCING GIRLS AT "Y"

Every seat was full at the Y. M. C. A. Thursday night and standing room was at a premium when Nine Trellson of San Francisco appeared with her dancing girls. And the big audience was more than pleased, for the dainty little misses surpassed anything ever seen here in their dancing acts. The oldest of the little dancers appeared hardly more than 12 years, but each was a finished artist. The whistling numbers by an older girl were also excellent.

## TWO KILLED IN ACCIDENT AT SHIPYARD

STAGING FALLS IN GALE OF WIND; MEN CAUGHT BENEATH TIMBERS; TWO OTHERS ARE SLIGHTLY INJURED.

One man was instantly killed, another received injuries of which he died a few hours later, and two others received slight injuries at the Schaw-Batcher shipyards Monday afternoon when a staging collapsed in the high wind. The dead are:

G. R. Curtis of San Francisco, usually known as G. R. Cunningham; instantly killed.

L. Livesay of Redwood City; died at St. Mary's Hospital Monday night.

According to the testimony of employees of the yard, given at the coroner's inquest held at the Nieri undertaking parlors Tuesday morning, the staging is believed to have been perfectly sound and gave way only to an extraordinarily heavy gust of wind. The men were working on the bulkheads forty feet from the staging when it collapsed and was blown upon them. They were rushed to the plant hospital, where they received emergency treatment. Curtis was pronounced dead. Livesay was taken to St. Mary's Hospital in San Francisco, where he died Monday night. The injuries of the others were of a minor nature.

Curtis was an elderly man and had been in the employ of the shipyard only a few days. Little is known concerning him. Livesay was a young man and married. He had been working at the shipyard for some time and was well liked by his fellow employees.

## CHAMBER OF COMMERCE TO MEET TUESDAY NIGHT

The South San Francisco Chamber of Commerce will hold its regular fortnightly meeting at the city hall next Tuesday night. There will be matters of importance to bring up at the meeting and it is hoped all members will be present.

## H. S. BOYS OFFER BLOOD TO AID INJURED MAN

San Mateo, April 22.—All the boys of the senior class of the San Mateo union high school today notified the principal, W. L. Glascock, that they were willing to volunteer for blood transfusion in case it was necessary to save the life of Oscar Boldemann, who is in a dangerous condition at the Red Cross Hospital as a result of injuries received when he was struck by a golf ball last Sunday on the links of the San Mateo Golf and Country Club. Boldemann's physicians say that his condition is favorable and transfusion will not be necessary unless hemorrhages continue. Boldemann was a former San Mateo high school student and is the son of the president of the Boldemann Chocolate Company of San Francisco.

## LADIES' AID FOOD SALE.

The Ladies' Aid of the Methodist church will hold its monthly food sale Saturday, May 1st, at Carmody's grocery. The committee in charge consists of Mrs. D. N. Stearns, Mrs. D. W. Duncan, and Mrs. Grace James. The sale will start at 2 p. m.

## COLMA SCHOOL CHILDREN COLLECT \$98 HEART DAY

The school children of Colma collected \$98.50 from the sale of red paper hearts on "heart day." Practically all the pupils in the town worked in the interests of homeless little ones, the money secured all going to the Children's Home Society of California, to be used for the providing of homes for homeless children and children for childless homes. The activities of the society are statewide. Miss Killlea of the eighth grade of the grammar school received the pennant for having sold the greatest number of hearts, her sales having reached the sum of \$27.

## REAL ESTATE ACTIVE IN SOUTH SAN FRANCISCO

As an indication of the activity of real estate in this city, the list of sales of the agents of the E. C. Peck Company for January, February, and March is significant. A glance over this list shows that sales are being made practically every day, the outstanding feature of these sales being that a great majority are of small parcels, one or two lots, the purchasers being home builders.

## ADVERTISING PAYS!

Once more the efficacy of advertising in this newspaper has been shown. Jennings' Pharmacy recently inserted a notice of a fine phonograph for sale at an especially attractive figure. Thursday Mr. Jennings called The Enterprise office and stated the machine was sold, "due to that ad in The Enterprise."

# How Many Homes Have You Paid For?

And how many homes do you own today? Recently a man came into our office that had decided years ago to apply his rent money toward the payment of a house. He soon rented the house to another fellow and his rent paid the balance on the house. He bought himself another one and another one, until today he owns several homes and has quit work. The rent money he now collects means a substantial income to him. The future is sure, bright and smiling for his wife and children.

Rent day never comes around to the man who owns his own Home.

A deed to your home is the best form of life insurance you can have.

We will build you a house to order, exactly as you plan it and upon a lot that suits your ideas. A small payment down and your rent money will pay for it. The man who owns his own home not only saves rent but makes money on the increased value in his property.

## BREVITIES

Mrs. M. Dressher has returned from a visit to her daughter, Christine, at Fullerton, Calif. Mrs. Dressher's daughter, Julia, accompanied her mother south, but decided to obtain employment in the southern part of the state.

Edmund Eames, a San Bruno boy now serving in the navy, visited his parents, Mr. and Mrs. Charles Doyene, Saturday. Edmund is now stationed on one of the battleships of the Pacific fleet.

Vernon Ewing of San Jose spent Sunday visiting with Charles and Paul Ledwith.

Fred C. Russell had the windshield of his car broken Sunday when the gates at the railroad crossing were lowered on his machine.

Mr. and Mrs. E. Bishop visited with friends in San Bruno last Sunday. Mrs. Bishop was formerly Mrs. W. H. Shacer of San Bruno. Her three children accompanied her.

Mrs. U. G. Davis of Santa Rosa visited her husband, U. G. Davis of San Bruno, over the week-end.

Marshal Wedell has purchased a Buick six touring car.

J. F. Cook, former merchant of San Bruno, visited here over the week-end. Mr. Cook has leased a furniture store in Manteca and will open it in the near future.

Mrs. F. Corinen of Belle Air spent the fore part of the week visiting her mother in Pittsburg, Calif.

## SAN BRUNO TROOP WINS SCOUT TROPHY

Troop 72 of San Bruno was successful in the second period of the intertroop competition by winning the silver loving cup offered as a trophy by F. Astretto, commissioner of district No. 7.

Troop 72 is considering the matter of securing another scoutmaster, W. H. Haley, former scoutmaster, having gone to Fresno to make his home.

### LADIES' AID MEETS.

The Ladies' Aid Society held its regular meeting Wednesday afternoon in the church parlors. Refreshments were served after the meeting.

### CENTER CLUB GIVES DANCE SATURDAY NIGHT

A fair-sized crowd attended the dance given by the Center Club in California Hall Saturday evening. Refreshments were served by the girls of the club. A jazz orchestra made possible the good time enjoyed by all who attended.

J. McFarland of Belle Air Park left this week to work in Los Angeles. He has just returned to San Bruno after an absence of six months spent on a sea voyage on which he had the yellow fever and was shipwrecked.

## NEW CITY OFFICIALS TAKE POSITIONS MOND.

New Board Organizes by Electing Trustee Grundy Chairman; New Policies Are Outlined.

J. T. O'Connor, Dr. F. H. Smith, and A. S. W. Grundy were installed as city trustees, Nettie A. Willits as city clerk, and Jos. A. Cunningham as city treasurer at a meeting of the board of trustees held Monday evening. As this was an adjourned meeting there was no business to attend to other than the canvassing of the votes cast at the municipal election.

After the installation of the new trustees, A. S. W. Grundy was elected president of the board.

Short talks were given by all members of the new and old boards and also by the city clerk and treasurer. All expressed their hope of co-operation with the citizens and with the members themselves.

Mr. Grundy expressed his views of the town very forcibly in a fine talk on the future of San Bruno. Mr. Grundy stated there is no place for the knocker in San Bruno from now on and that constructive criticism only will be listened to. It is hoped the entire community will co-operate with the new board for the welfare of the town.

## SO. S. F. MAN FINED \$50 AT SAN BRUNO

W. H. Wood of South San Francisco was arrested last Sunday afternoon by Marshal Wedell for driving an automobile while under the influence of liquor. Wood was tried before City Recorder J. M. Custer, fined \$50 and severely reprimanded.

## SAN BRUNO NOW IN SAN MATEO HIGH DIST.

At the meeting held in Redwood City Monday, the supervisors of the county voted to include San Bruno in the San Mateo high school district. This decision makes it possible for San Bruno to now have the night school.

As it is so near the end of the school year, it will not be practicable to begin the night school before the fall semester.

## P.-T. ASSOCIATION HAS ENTERTAINMENT

The Parents-Teachers' Association of Lomita Park held an enjoyable meeting last Saturday evening at the Lomita Park schoolhouse.

Mrs. William Fahy, president of the association, acted as chairman of the evening. A very delightful program was rendered by the children and by outside speakers.

George Savage, the well-known teacher of Daly City, gave an interesting talk on the Parents-Teachers' Association.

Mrs. Fahy read a paper on different founders of the Parents-Teachers' Association.

Miss Anita Ebbecke rendered a piano solo. Mrs. Mouser's class sang two songs. Mrs. Collings, principal of the school, gave a short talk on the drilling of children and teachers. Two children from Mrs. Lynch's class of the Millbrae school sang a duet. A class song by Miss Conrado's class ended the pleasant program.

After the program the gathering partook of refreshments as the guests of the committee. The hall was attractively decorated with greens.

## LOWE-WITTMANN BANS HAVE BEEN ANNOUNCED

Miss Helene Wittmann of San Francisco, and sister of Mrs. William Eddy of Lomita Park, has announced her engagement to Robert M. Lowe of Lomita Park. The wedding will take place in June.

Miss Wittmann is well known in Lomita Park, where she has a host of friends who congratulate her. Mr. Lowe has long been a resident of Lomita Park.

## GIRLS' DANCING CLASS IS FORMED AT LOMITA

A dancing class has been organized at the home of Mrs. William Eddy of Lomita Park, with fourteen little girls of the park as pupils. Miss Lillian Sawin will act as teacher. The girls are planning to have little parties along with their dancing lessons.

### BABY BOY AT ZARO HOME

A bouncing baby boy was born to the wife of John Zaro last week. Mother and son are doing well.

## PARENTS-TEACHERS RE-ELECTS OFFICERS

The Parents-Teachers' Association of San Bruno held its regular monthly meeting at the Edgemont school Tuesday afternoon. A good attendance was reported and some important matters were taken up, discussed and acted upon concerning the schools for the coming school year. This being the regular time for the election of officers for the ensuing year, the matter was quickly disposed of by unanimously re-electing all the officers to serve another year. Mrs. Chris Schmidt, however, declined the office of treasurer, and Mrs. J. Callaghy was chosen in her place. The officers are: President, Mrs. J. J. Ledwith; secretary, Mrs. C. A. Senegar; treasurer, Mrs. John Callaghy; auditor, Mrs. Colterri; historian, Mrs. Lennon; parliamentarian, Mrs. Lindsey.

The association will hold an open meeting Monday evening, April 26th, at the Edgemont school, at 8 o'clock, to which the public is most cordially invited. An interesting program is being prepared and a special effort is being made to please all who attend. There will be no admission charge.

## LIME DESTROYS EYE OF MILLBRAE BOY

Little Paul Johnson of Millbrae was the victim of a most painful accident recently, when he got lime in his eyes while mixing whitewash. He has just returned from the hospital, where he has been under treatment. He has lost the use of one eye and the other was badly injured.

### NEW MEMBER ARRIVES IN FRASER FAMILY

Mrs. S. K. Fraser is the proud mother of a baby girl, born in the fore part of the week. Mother and babe are doing well.

Mistress—Did any one call while I was out?

New Girl—Yes, mum; Mrs. Wayup called.

Mistress—Did she seem disappointed when you said I was not at home?

New Girl—Well, she did look a little queer, but I told her she needn't get in a temper about it, 'cause it was really true this time.—Pearson's.

## HUGE SUM OF INTEREST DUE ON FOURTH LOAN BONDS

Interest payments on the whole outstanding issue of Fourth Loan Liberty Bonds, falling due on the 15th of this month, amount approximately to \$279,389,906. In the Twelfth Federal Reserve District alone Uncle Sam will reward the patriotism of those who bought Fourth Loan Bonds with a semi-annual interest installment of \$9,779,700.

The interest is payable in the case of unregistered bonds at any bank simply by presentation of the coupons. It is as simple as changing a dollar bill. Interest on the registered bonds is sent direct from Washington to holders. The interest on every \$100 bond of the Fourth Loan falling due on the 15th of the month is \$2.12.

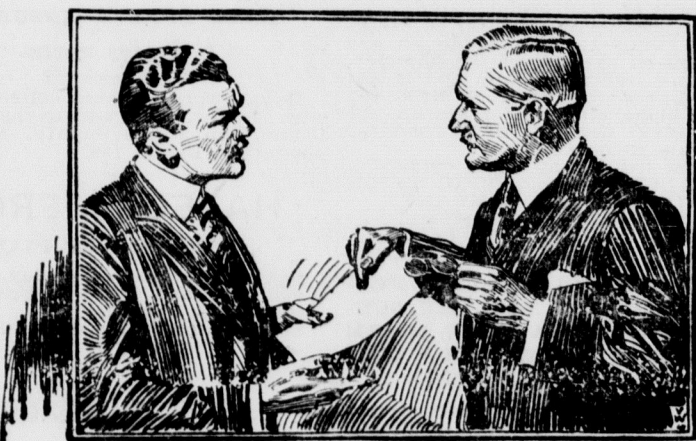

Coupons left uncashed and attached to the bond bear no further interest. Although failure of the bond owner to cash his coupon is in a way a benefit to the government, as it leaves the money in the government's hands at no cost, yet the Treasury Department, through the government savings organization for the Twelfth Federal Reserve District, is anxious that each bondholder shall profit to the fullest possible extent. The government, therefore, advises that all holders of Fourth Liberty Loan Bonds shall present the coupons falling due April 15th on or after that date to any bank and invest the interest earned on the Liberty Bonds in War Savings Stamps, which bear 4 per cent interest compounded every three months. These, like Liberty Bonds, are obligations of the United States government, and they sell this month for \$4.15. January 1, 1925, they will be worth \$5.

## Just Where and How Is the Money to be Spent?

A businesslike Answer to a businesslike Question

**THIRTY** denominations cooperating in the Interchurch World Movement have budgeted their needs. No business could have done it more scientifically.

They have united to prevent the possibility of duplication or waste. At least a million dollars will be saved by the fact that thirty individual campaigns are joined in one united effort.

Each denomination has arranged its budget under six main heads:

**1 FOR THE CHURCH'S WORK AT HOME.** A score of times come under this head. Consider only one. Five and a half million people in the United States cannot even read and write the English language. Who is to carry forward this vast work of Americanization if the church does not?

**2 FOR HOSPITALS AND HOMES.** Every year thousands of men and women seriously ill are turned away from Church hospitals because of lack of room. The children's homes are compelled to turn away more children than they can receive.

**3 FOR HIGHER EDUCATION.** Of the 450,000 American students in institutions of higher grade, one-half are in institutions founded and supported by the Churches. Many of these institutions have had no great endowment campaigns, but their needs are just as pressing as the needs of larger schools; and you have only to read their list of alumni and alumnae to measure the value of their contribution to America.

**4 FOR RELIGIOUS TRAINING.** At least 12,000,000 children and young people under 25 years of age are entering American life without any religious training at all. Remembering the faith of Washington and Lincoln, do you think that America will continue to produce Washingtons and Lincolns if faith dies out of the hearts of its youth?

**5 FOR THE CHURCH'S WORK ABROAD.** Influenza came first from the Orient thirty years ago; nearly all plagues are Oriental plagues. So long as China has only one physician to every 400,000 people the Orient will continue to be a menace. So long as one-third of the babies of India die before their second year our own babies are not safe. A Christian doctor or teacher sent abroad is working for America as truly as though he worked at home.

**6 PREACHERS' SALARIES.** The preacher is called the "forgotten man," and well he may be. Eight out of ten preachers are paid less than \$20 a week!

Each denomination has its own detailed budget, and will administer its own funds. Your pastor has copies of the budget; examine them for yourself. In the week of April 25th-May 2nd you will be given your opportunity to help. You can do it with the full satisfaction of knowing that every dollar of your gift has its post assigned to it in advance.

Every dollar for better America and a better world. When your church calls on you give—and give with your heart as well as your pocket-book.

## THOSE OVERALLS CLUBS

From every part of the United States comes news of "Overalls Clubs" formed to combat the high cost of clothing. Doctors, lawyers, professional men of all kinds, factory presidents, and superintendents, storekeepers, in fact the strong and solid men of the nation and men who heretofore have always dressed well, are boycotting the manufacturers of clothing because of their atrocious prices and are appearing at their offices, mills, or stores in overalls.

And why not? Blue denim is a perfectly good fabric, overalls perfectly respectable. These garments themselves cost three times what they used to cost and probably twice what they should cost now, but they are still much cheaper than the clothing most of us are accustomed to wearing. Why not form an overalls club here? This city has never shown itself "slow" yet. Not one of the business or professional men in this city is lacking in the brains to see the good the movement may accomplish or the courage to put it through. Come on, fellows; let's all don overalls and have the laugh at the clothing profiteers.

## GET IT STRAIGHT

Through an unintentional error in newspaper publicity, which was more or less general over the United States, the public has been given the impression that incomes from stocks are not subject to the income tax.

This, it appears, is an error.

If you own a certain amount of stock in a corporation and you receive an annual income of 8 or 10 per cent, or any other amount, from that stock, the income is subject to taxation provided it is paid to you in currency or by check.

But if that dividend is paid to you in the form of additional stock in the corporation, then such income in the form of additional stock is not subject to income taxation.

The public will feel a relief in knowing that the holders of great wealth in the form of stocks are not to escape their just proportion of taxation.

This paper is glad to aid in making correction of an error into which millions of people appear to have innocently fallen.

Some good men and true become so thoroughly wrapped up in the work of selecting good men for public office that they even forget to vote.

Many a wary sidestepper evades the bill collector only to fall into more relentless clutches when his wife grimly orders him to "dig down."

Note, please, that the oratory of our presidential spellbinders was completely eclipsed the other day. But it took a tornado to do it.

And still, we are firmly convinced that the dawn of universal peace is still in the realm of the dawns.

We're just pinning to scratch off an editorial on the low cost of something. But we can't find the something.

Food is going up, clothing is going up, smokes are going up, everything is away up, and if something don't come down soon we'll all blow up.

Some people, we suspect, are keen on discovering the faults of others in order to cover up their own.

Sunshine is an aid to health—until it becomes so hot it is an aid to the doctor.

And the balmy days of spring are deliciously balmy—when they are balmy.

Time waits for no man—but it just hangs on for a woman before a mirror.

Cheer up! A smile is no more expensive than a frown.

This year every citizen should vote—vote right—but not often.

Yes, this is a good town. But do you ever tell others so?

A wise man sees his own faults. The fool sees only those of others.

Prohibition, we are assured, is creating a void in the jails of the country—ditto the stomachs of its citizens.

When you get hold of a good thing, William, hang onto both ends. The middle sometimes gives way.

The bright star of hope shines steadily before us all, but we never see it so long as we keep our eyes glued to the ground.

Our office devil is the genuine article. He says some folks are so warped and perverted they can not even feel the cracks in their own conscience.

With a mighty sigh of relief we see the coal man departing for a few months of respite, and with a groan of apprehension we see the ice man looming up to take his place.

Regardless of the fact that we have national prohibition, many people have wet goods in their cellars—after a hard rain.

To be perfectly happy a man should have a "den" in his home. It should be heat-proof, cold-proof, sound-proof, kid-proof, wife-proof, and bill collector-proof.

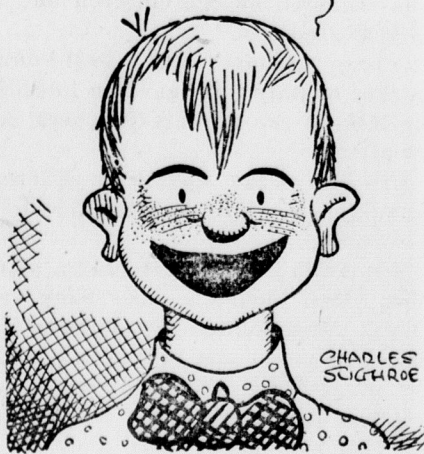

"No rest for the wicked in this town," truthfully exclaimed a leading citizen as he tore off his coat, rolled up his sleeves and feverishly plunged into the work of the day. And yet if we were to call him a wicked old sinner in these columns he would be right after us with a popgun.

Happiness honestly sought is readily found, but it seldom comes of its own accord.

The beggar does not look for alms in an empty hand. Neither does a gentleman expect courtesy from a grouch.

## PLANNING FOR LARGE CROWD AT BARN DANCE

The committee in charge of the firemen's May Day barn dance is leaving nothing undone to make this affair a success and equal to the high standard set by other dances given by the firemen. The music will be furnished by the same orchestra which played for the Legion dance recently and proved most satisfactory. James McDonald will be the floor manager and promises to have the floor in fine condition.

Everybody is asked to come in country costume, overalls and straw hats for the men and sunbonnets and kitchen aprons for the girls and women. It is promised there will be something doing every minute.

## NOTICE INVITING SEALED PROPOSALS OR BIDS FOR THE CONSTRUCTION OF A FIRE-ALARM SIGNALING SYSTEM IN THE CITY OF SOUTH SAN FRANCISCO.

Sealed proposals or bids will be received by the Board of Trustees of the City of South San Francisco until eight o'clock p. m. on the 10th day of May, 1920, for doing the following work in the City of South San Francisco, County of San Mateo, State of California: Furnishing all labor and material necessary for the construction and completion of an automatic, perfect non-interfering fire-alarm signaling system in the City of South San Francisco.

All material and all work above mentioned must be in strict compliance with the specifications adopted by the said Board of Trustees of the City of South San Francisco on the 10th day of April, 1920, and now on file in the office of the City Clerk, to which specifications reference is hereby made. The successful bidder, shall within ten (10) days after the award, enter into a contract with the City of South San Francisco for the faithful performance of the work to be done under said award.

All proposals must be accompanied with a certified check upon a solvent bank in the State of California, payable to the City of South San Francisco, for an amount not less than ten (10) per cent of the aggregate of the bid, on the condition that if the proposal is accepted and the contract awarded, and if the bidder shall fail or neglect to execute the contract and give the bonds required, the sum mentioned in said check shall be liquidated damages for such failure and neglect and shall be forfeited to and paid into the Treasury of the City of South San Francisco.

The bidder to whom the contract is awarded will be required to execute a bond for the faithful performance of the work in an amount equal to fifty (50) per cent of the amount of the undertaking, with at least two responsible sureties in the full amount of the bid each; and will also be required, before entering upon the work to furnish a good and sufficient bond as required by an act of the Legislature of the State of California, approved May 10, 1919, entitled "An act to secure the payment of the claims of persons employed by contractors upon public works, and the claims of persons who furnish materials, supplies, teams, implements or machinery used or consumed by such contractor in the performance of such work, and prescribing the duties of certain public officers with respect thereto."

The contract must be entered into in compliance with and subject to the conditions imposed by Section 653c of the Penal Code of the State of California.

Sealed proposals or bids shall be delivered to the City Clerk on or before eight o'clock p. m. of Monday, May 10, 1920.

All sealed proposals will be opened by said trustees in public session on Monday, May 10, 1920, at eight o'clock p. m. in the Council Chamber of said Board.

The Board of Trustees reserves the right to reject any and all bids.

By order of the Board of Trustees of the City of South San Francisco,  
Dated April 22, 1920.  
DANIEL MCSWEENEY,  
City Clerk.

## PRACTICAL RECIPES

Fish is not used as a food to the extent it should be in this country nor to the extent that it is used in other countries. It is cheaper than meat because it requires less labor to produce and market it, and because fish consume in their growth very little material which is available or useful in human food. Like meat, it is a protein food, and if well cooked makes a nutritious and palatable dish.

Even though purchased dressed, fish should be carefully cleaned in the home. After cleaning and washing wipe dry with a soft cloth and salt well before cooking. The addition of vinegar or lemon juice during the cooking is usually advisable when it is baked or boiled.

Because they contain less of the so-called extractives which give flavor to pork, beef, and mutton, fish are likely to be somewhat insipid. For this reason extra care should be used in the selection of the other food to be served with it. Have it either very highly flavored or so mild in flavor that the flavor of the fish will not be obscured. Sauces of various types are acceptable with fish, especially when it is boiled or baked.

The following sauces are recommended as desirable to serve with fish. The first two recipes were tested in the experiment kitchens of the Department of Agriculture. The others are selected from a bulletin published by the Indiana Agricultural College.

### Egg Sauce

1 cup milk.  
1 tablespoon fat.  
½ teaspoon salt.  
1½ tablespoons cornstarch.  
Moisten the cornstarch in a small amount of cold liquid and add to the

heated milk. Cook together in a double boiler. Hard-cooked egg, chopped fine, is added.

### Tomato Sauce.

1 cup strained tomato.  
1 tablespoon fat.  
1 slice onion.  
Salt and pepper to taste.  
1 tablespoon cornstarch.  
Put the tomato through a sieve. Moisten the cornstarch and add to the heated and seasoned tomato. Scald the onion in the sauce, removing it before the sauce is served.

### Mustard Sauce.

¾ cup vinegar.  
¼ cup water.  
1½ tablespoons cornstarch.  
1 teaspoon ground mustard.  
2 tablespoons fat.  
½ teaspoon salt.  
Two tablespoons of finely chopped pickle may be added.

### Maitre d'Hotel Sauce

Cream together—  
3 tablespoons butter.  
1 tablespoon lemon juice.  
½ teaspoon salt.  
1 tablespoon finely chopped parsley (if desired.)  
This sauce resembles soft butter and is to be spread on the hot fish so the fat will be melted.

### Cucumber Sauce

1 cucumber, grated.  
½ cup whipping cream.  
2 tablespoons lemon juice or mild vinegar.  
¼ teaspoon salt.  
Beat the cream until stiff. Add the acid and salt slowly and then fold in the grated cucumber.

### Horse Radish Sauce

3 tablespoons horse radish.  
1 tablespoon vinegar.  
4 tablespoons heavy cream beaten stiff.  
¼ teaspoon salt.  
Mix the first three ingredients and then add the beaten cream.

## A Few Facts Regarding FENOSOTE Preparations

They reduce fever and destroy the development of the Poisons of Germ Diseases

THREE PRODUCTS ARE MANUFACTURED

Fenosote EMULSION in Half Pint Bottles.

Fenosote CAPSULES in Boxes of 32 Doses.

Fenosote OINTMENT in Jars of 2 ozs.

Hundreds of people have endorsed these remedies, among them many physicians of note, nurses, and convent Sisters, in addition to those who have been cured of their ailments through the use of Fenosote preparations.

### FENOSOTE CAPSULES

Are for adults only, 1 capsule 3 times a day prevents in almost all cases the infection of such contagious diseases as Spanish Influenza, and should be given preference over FENOSOTE EMULSION if there is much sickness at the stomach.

## CHARMING FROCK OF TAFFETA

Taffeta is made up in many charming ways this season and one of them appears in the quaint frock pictured. It opens at the front over a chemise of lace, that terminates in a point below the waist and has elbow sleeves finished with bands of velvet ribbon. Velvet band on the skirt and girdle and a bow and ends of narrow ribbon complete it.

## OUTDOOR DRESS OF GINGHAM

Spring fashions have their try-outs at the winter resorts and that is where new gingham frocks with hats to match, made their appearance on the streets and at the beaches. These outfits proved so pleasing that they will be worn all summer. The smaller checks and plaids look best in them.

## SMART SILHOUTTE FOR SUITS

Nothing more unusual than dark blue serge and large bone buttons make the suit shown above. With these reliable means it achieves much smartness by adopting a popular silhouette for spring. The skirt is straight the coat flares below the waist line and sets close to the figure above it.

### Rabbit Salad

To each cup of diced cooked rabbit meat add one-half cup celery and one-fourth cup salad dressing, one-half teaspoon salt, and a few grains of

## FOUR SMART STREET HATS

This group of four smart street hats includes four kinds of braid. At the top a soft, blocked shape is of fine milan; to the right a hand-made hat of satin straw is faced with satin, opposite, one of piping braid, requires a veil. A rough shiny braid makes the trim, stiff sailor below.

## YOUTHFUL STYLES IN SUITS

For those who look best in suits that are trim and simple the youthful style shown above will prove successful. It has a box-plaited skirt and a short, straight coat. The latter is very cleverly cut and depends upon round buttons in two sizes and a little silk braid for its embellishment. The collar is a small and inconspicuous detail.

## OF FINE VOILE AND FILET

Hand-made blouses of fine, white voile have made such a success with women who dress well that their place is assured. Here is one in which inserts of filet lace, a little embroidery and small crochet buttons are combined in a way that will delight the gentlewoman. The tiny buttons serve to decorate collar and cuffs and larger ones provide fastenings.

cayenne pepper. Mix thoroughly and pour into salad bowl lined with lettuce. Put one or two tablespoons of dressing on top and garnish with strings of green and red pepper.

Either a mayonnaise or a boiled dressing can be used for this salad.

## Some Church Beatitudes

Blessed is the man who doth not peek out of the window first before deciding to go to church Sunday; yea, twice blessed is that man who does not find a hole in his umbrella or a button off somewhere at ten-twenty on the Sabbath.

Blessed is the man who loveth his church with his pocketbook as well as with his mouth; yea, twice blessed is he whose left hand doth not hide in his left pocket the bill which his right hand hath dug out on that side.

Blessed is the man who doth not always find that he hath an engagement on prayer-meeting night; yea, is he not indeed blessed whose mouth speaketh out of the abundance of the joy of living in his heart.

## East Is Against West on St. Lawrence Improvement

WASHINGTON.—The question whether or not it is advisable to improve the St. Lawrence river so that ports on the Great Lakes will have access eastward to the sea, so that deep draft ocean-going freighters can load at Chicago and other lake ports is now up in earnest. Hearings have begun and the commissioners have decided to visit Chicago and other ports so that they may be able to get the views of shippers at first hand.

The first hearing of the international waterways commission took place in Buffalo. As the proposed improvements are along the boundary line between the United States and Canada, both nations are represented on the commission. The United States is represented by Obadiah Garner, of Maine; R. B. Glenn of North Carolina, and Clarence D. Clark of Wyoming. The Canadians are Charles A. McGrath, A. J. Powell and Sir William Hearst. Mr. Gardner is chairman. The points to be considered by the commission come under the following heads: (1) Desirability of the suggested waterway; (2) probable effect of the improvement on the development of commerce, both on the Great Lakes and between lake ports and the seaboard; (3) influence of the improvements on the industrial development on either side of the border, it being estimated that fully 2,500,000 horse power can be developed; (4) effect on existing, or projected, water routes between the Great Lakes and the Atlantic, with special reference to the New York barge canal.

During the hearing at Buffalo it developed that representatives of the New York barge canal, together with interests along its line, are antagonistic to the proposed St. Lawrence development. All of those who represent the West are in favor of the project.

## Proud Congressmen Boast of Record Corn Yields

PROCEEDINGS that went in brief about like this produced much laughter and applause in the house the other day: Rubey of Missouri began it by saying: "Mr. Speaker, I ask unanimous consent to speak for about three minutes. I want to boost Missouri a little. I have in my hand a letter from the editor of a farm paper stating that a prize of \$1,000 for the best five acres of corn in the United States has been awarded to J. R. Shelton of Holden, Johnson county, Mo., the average yield being 127½ bushels an acre."

Mr. Wood of Indiana. The same first prize that you are talking about went to Washington. (Laughter.)

Mr. Bankhead. Mr. Speaker, I want to say to the gentleman from Missouri, who is manifesting so much state pride, that Alabama has the record of 237½ bushels. (Laughter.)

Mr. Kitchin. I want to say if they continue to encourage these farmers in Missouri and in Alabama they may possibly get up to the record, eventually, of North Carolina, which holds a record of 250 bushels per acre, the largest in the history of the country. (Laughter.)

Mr. Mann of Illinois. Mr. Speaker, it was reported to me the other day, that a former member of this house, Joseph C. Sibley, had raised on 12 acres of ground 331 bushels of corn to the acre.

Mr. Hadley. In the prize contest the first three prizes on wheat went to the state of Washington. Fred De Wilde, Oak Harbor, Wash., \$3.96 bushels per acre; John Le Sourd, Coupeville, Wash., \$1.33 bushels; Justus L. Hancock, Coupeville, Wash., \$1.24 bushels.

Mr. Rubey. From what has been said by my colleagues, it looks like the mistake I made was in reporting my yield first. (Laughter.)

Mr. Hersey. Mr. Speaker, there were three prizes offered last year for the largest yield of an acre of potatoes and Aroostook county, in my district, obtained all three prizes. (Applause.)

## Civil Service a "Scientific Raid on Treasury?"

A SERIOUS move to reorganize the vast civil service of the federal government on a scientific basis involving a reclassification of jobs and the elimination of inequalities of pay, inefficiency of management and political influence is in progress.

The joint commission on the reclassification of the 106,000 federal employees in the District of Columbia will report to congress a comprehensive reform plan worked out with the assistance of a staff of experts from Arthur Young & Co., the Chicago accounting concern which recently reclassified the 60,000 government employees of Canada.

Representative Mann of Illinois some time ago described the work of the commission as "a scientific raid upon the treasury." Many hold this view and as a result strong opposition to the proposed legislation is expected, particularly in view of the present condition of the nation's finances.

"Equal pay for equal work," will be the rule if congress adopts the proposals of the commission, whose report is to form the basis of consideration of a readjustment of salaries to meet the increased cost of living, a condition which has been dealt with crudely in the last two years by voting a bonus of \$240 a year to each civil employee.

One questionnaire was returned with the notation: "This man has been on the pay roll thirty years, but is an invalid and has not been at his desk for the last ten years."

In one bureau stenographers were receiving \$1,800 a year, while in another bureau, which had been unable to impress congress with its necessities, stenographers doing identical work were receiving \$600.

One of the recommendations was to appoint a woman to the civil service commission, it having been found that more than half of the federal employees are women.

## Whaddymean by Saying "Maple Sugar" These Days?

THE sugar shortage and the approach of "sugar weather" led department of agriculture experts to make the statement that many thousands of American farmers throughout a region comprising more than a score of states in the eastern and northeastern part of the United States, are overlooking opportunities to get maple sugar and sirup for home use, as well as for sale, at very little cost.

While Americans commonly think of the maple sugar industry as confined largely to circumscribed areas in New England and New York, there are, as a matter of fact, many potential "sugar bushes" in the region extending as far south as North Carolina and Tennessee and westward to northern Missouri, Iowa and Minnesota, as well as in Oregon and Washington.

In a good season a tree 15 inches in diameter will yield sufficient sap to make from one to six quarts of sirup, which in turn can be concentrated into two to ten pounds of sugar.

Discovery was made by government investigators of many groves of sugar maples in North Carolina, one of which is probably larger than any now to be found in New England. The owners, being unaware of the value of the trees from the maple sugar standpoint, had begun cutting them for lumber at an average return of less than \$1 a tree.

Last season, upon suggestion of government experts, these groves were tapped and yielded sirup that sold for \$4 a gallon. Revelation of the potential value of the groves induced the owners to plan more extensive operations for this spring.

## CHATTER FROM THE WORLD OF SPORTS

### JACK REEVES WINS FIGHT AT SPRINGFIELD

Jack Reeves, boxer, who has many friends in this city, won a decisive victory in Springfield, Mo., over an Akron, Ohio, fighter last Monday night. Here is what the dispatches had to say about the bout:

Springfield (Mo.), April 12.—Jack Reeves of San Francisco defeated Harry Krohn of Akron, Ohio, middleweight, in a sensational ten-round match here tonight. Reeves had seven rounds, Krohn one and two were even.

### BIG TENNIS SERIES TO BE HELD AUG. 23

(By Wm. Unmack.)  
Pacific Sports Service.

What the Davis cup is to international tennis, it is hoped the Wightman cup will prove among the women tennis players of the world. The trophy has been presented by Mrs. Hazel Hotchkiss Wightman, the present United States woman title holder. The American Tennis Association has tentatively set August 23d as the date on which this world title series will begin.

The American Lawn Tennis Association has cabled invitations to the various tennis playing nations of the world, asking them to send teams to this country to compete for the cup in New York next August. The conditions that govern the Davis cup series for the men's championship will cover the Wightman cup for women, with the exception that the series will be the best two matches out of three, instead of three out of five. Mrs. Wightman also stipulated that for the first series of matches that the United States be considered the champion nation, this being done to bring the initial play for the trophy to this country. Should another nation defeat the United States in August, the 1921 series will be played in the country winning the series.

The United States will have an exceptional quartet of players for the team and the Pacific Coast is already sure of representation with Helen Baker of San Francisco, who is the present coast title holder. Incidentally, Miss Baker two weeks ago defeated Mrs. Wightman, the national champion and donor of the trophy for this national series. Mrs. Wightman herself will be number 1 player of the American team in the initial series for the cup. Miss Helen Goss of New York, ranked number 2 in United States women's players' lists, will be the third member of the team, and the fourth player will be Mrs. Malory of New York, who as Molla Bjurstedt won the women's national championship for four years in succession. This quartet would undoubtedly prove a sensational aggregation against any four women from any country in the world.

### CARPENTIER IS A MODEST CHAP

(By Franklin B. Morse.)  
Pacific Sports Service.

No pugilist in the history of ringdom has earned the respect of the public as has Georges Carpentier, the French heavyweight champion of Europe. This is not confined to those who are actively interested in ring affairs, but includes persons in all walks of life, men and women. Since his arrival in this country he has enhanced his reputation by his modest bearing. It has been an infinite relief to the reading public to get away from the mouthings, bragging and swash-buckling tactics of the average American pugilist and his manager.

While his personality alone would be sufficient to give Carpentier the enviable position he holds in the estimation of the public, it is the fact that he is a real fighting man who went into the grim realities of death-battles that has added to this. That he played a man's part in the greatest tragedy in the world's history is evidenced by the fact that he has numerous citations from army commanders, as well as being decorated for valor on the field. Carpentier made huge sacrifices, working for a few cents a day as well as risking his life, while his American contemporary, Jack Dempsey, now is charged with running out of it by grasping at any of the excuses offered that would keep him away from the fighting front.

A little incident is characteristic of the man and shows him to be possessed of sentiment. It is noted that as the ship on which he was arriving in this country was steaming up New York harbor and was passing the statue of Liberty on Bedloe's island, that Carpentier took off his hat and remained uncovered as he silently and intently gazed on the great statue which is symbolic of the friendship which exists between his country and

### BASEBALL LEAGUE TO BE PLANNED TONIGHT AT "Y"

There will be a meeting at the Y. M. C. A. rooms tonight (Friday) to which all baseball enthusiasts are invited, the meeting being called for the purpose of forming a baseball league of teams in this city to play through the coming season. There will be representatives from several of the factory teams, from the town team, and from a Y. M. C. A. team on hand. It is believed that at least three fast ball teams can be organized in the town and a schedule arranged that will provide a series of good games for local fans. All preliminary plans will be thoroughly gone over at the meeting, including preparations to present a fine loving cup to the team that makes the highest score.

### SO. S. F. BOY FIGHTS GAME BOUT AT SAN MATEO

Jackie Quinn, who took part in the boxing contest at San Mateo Tuesday night, got a draw in a hard-fought four-round battle with Speck Ramus. Ramus was one of the hardest boys Quinn has ever taken on, and the local contingent who attended the fight declare Quinn put up a great fight. Quinn was knocked down in the second round, but made a sensational come back. He was under the management of Jess Monize.

Quinn and Ramus will meet again at San Mateo May 4th.

### GRAMMAR SCHOOL BOYS TO HAVE BALL LEAGUE

The grammar school boys of South San Francisco have formed a baseball league and a series of games has been arranged for the near future, the first game being planned for Saturday, April 24th, on the local high school ground. Three teams have been formed, the captains of the nines being Joe Muniz, John Butler, and George Wallace.

The Kalamazoo Gazette tells the world that the normal school band uniforms consist of "a cap and coat at first with the probable addition of pants at a later date." One way to beat the old H. C. L.

the great republic of the New World. Needless to say, Carpentier expects to defeat Dempsey. It was a petful comparison to speak of Dempsey as a formidable antagonist in the light of the horrors Carpentier faced throughout the entire duration of the war. Carpentier is confident—so confident of winning that he is willing to say that he thinks he will beat Dempsey in six rounds. This statement may appear to belie the assertion made previously that Carpentier is a modest and unassuming young man. It is the manner in which he talks of his hopes that takes away all semblance of bragging. He merely makes the statement of the fact in a business way, just as a merchant might say he intended and expected to double the volume of his business within a certain stated period.

## SOUTH SAN FRANCISCO A HISTORY

When South San Francisco was founded, and for a year thereafter, everything destined for the new city—whether people or freight—was ticketed or billed to "Baden." Then when the first hotel was built and opened for business, its owner named it the "Baden Hotel"; and so in San Francisco and all over the country, South San Francisco was called "Baden," just as it is now often called "South City," but in course of time the Baden misnomer was dropped. The builders were busy throughout the year of 1892. During that year the Hansbrough block (now the "Normand Hotel"), the Merriam (now the "Parr block"), the Grand, the Armour, the Central, the Union (later destroyed by fire), the Arrival, and the Linden hotel buildings were completed, and many business houses and dwellings were constructed and occupied.

How the winds did blow that first year. Never since, in all the twenty-nine years of this city's life, has there been anything like it. Sun and wind changed the upturned earth of the newly graded streets into a whirling cloud of dust that permeated everything and penetrated everywhere. There was neither escape nor relief. To add to the distraction and distress of the sorely tried newcomers, old-timers from San Mateo and other peninsula towns, passing through on the old San Bruno road, when appealed to, usually responded with the consoling remark: "Yes, this is rather bad, but some years it is much worse."

The newcomers proved, however, to be genuine pioneers and made of the right kind of stuff, for notwithstanding wind and weather and all sorts of discouragement, they stood pat and stuck by their posts. Some of these first settlers are still living and are here today, filling their places in the life of this progressive city. Among the number, as they are recalled to mind, are W. J. Martin and his family, Mr. and Mrs. E. E. Cunningham, Mr. and Mrs. M. Foley, Mr. and Mrs. T. L. Hickey, Mr. and Mrs. Charles Robinson, Mr. and Mrs. Richard Harder, Mrs. Delia Harrington, William Rehberg, Franklin Miner, and Peter Regli.

South San Francisco's first newspaper was the "South San Francisco News," No. 1, Vol. 1, of which was issued on the 4th day of March, 1892, with Barnes & Morphy as proprietors. It was printed in San Francisco by the American Typefounders' Company and was published and circulated in South San Francisco.

C. L. Barnes conceived the idea of establishing the paper, and was, therefore, its real founder.

In 1891 and the first half of 1892 there was rush and push and plenty of stirring life in the new city of South San Francisco, with abundant promise of an immediate great future, and these conditions moved and justified Mr. Barnes in deciding to launch a newspaper in the new city.

C. L. Barnes (now deceased) should and would have made an enduring mark in his chosen profession of journalism, but for one serious defect: he was by nature indolent; otherwise he was well endowed and

## Movie Is Like A Piece of Witchcraft To These Far Off Citizens of U. S.

Mother and Daughter Plow With Family Cow in Isolated Spots Among Southern Mountains.

In the Tennessee mountains there are places with no newspapers, railroads, telegraphs, schools or churches; places where a talking machine would be witchcraft, and a moving picture magic. There are families in this section that have never progressed much beyond the stage of the cave-man; the civilization of the aeroplane and the wireless have passed them by. It required a survey of the Interchurch World Movement to penetrate their isolation and set in motion the ministrations of the cooperating Protestant Churches of America in their behalf. Even in agriculture the mountaineers use ancient methods. Mother, daughter, the houn' dog and the cow all engage in cultivating, with primitive tools, the half acre from which just

sufficient food to meet the needs of the family is derived. The head of the family does not do "woman's work". He sleeps or hunts.

To carry the torch of twentieth century enlightenment to these mountain people is the plan of the Interchurch Movement. The missionaries who are to go into this field are to carry, beside the Bible, the title deeds to a hundred model farms, and they will be followed by the modern equipment by which agriculture can be made to pay.

The program is to reclaim these stragglers by awakening in them a feeling of self-respect through honest toil which shows practical results. It is believed that an awakening of religious thought will inevitably follow.

"Badad," exclaimed Mrs. O'Flaherty, "the O'Flaherty are blamed for everything nowadays."

"Phwat's the matter now?" asked her friend.

"They do be saying that it was an O'Flaherty man gave 'em the fever—a bhoys of the name of 'Mike Robe.'—"Tit-Bits.

well equipped for a successful career. He was in college in the same class and graduated with W. R. Hearst. When W. R. Hearst left college, his father, old George Hearst, California pioneer, a native Missourian, a self-made multimillionaire, United States senator and owner of the San Francisco Examiner, made his son a present of the Examiner, and young Hearst brought his classmate to California with him and gave Barnes employment as a reporter on the Examiner.

When the lot-selling campaign started, Barnes joined Buckingham & Co. as a real estate salesman, and so came to South San Francisco, and in time launched his newspaper. When Barnes saw, or thought he saw, an opening for a newspaper here, he was busy selling lots, and, being a bit lazy, he got Morphy to join him in his journalistic venture and do all the work.

Not much is known or obtainable about Morphy, his antecedents or his subsequent career. It was given out at the time he came here that he had been an Examiner man. There could be no doubt about his having been a newspaper reporter; he was an eccentric and a near-genius; he had the gift and was really an artist in word painting. The new town was small and raw and little suited to Morphy's purpose, so he resorted to inventing his newspaper stories. A number of his fake creations were so artistic and realistic that they deceived some country editors, who reproduced them as news, much to the amusement of Morphy's local readers.

The News issued regularly on Friday of every week until September, 1893, when it suspended upon the removal of Mr. Barnes to another field of activity. Morphy left at the same time and has been one of this city's missing ever since. It seems that no files of the News was kept, and after diligent inquiry the only copy to be found was one of the issue of October 14, 1892, containing a news story and an editorial announcement of the birth of the city's first girl baby, "Dora Harder," daughter of Mr. and Mrs. Richard Harder, born on Monday, October 10, 1892. This lone copy of the city's pioneer newspaper is the property of that first girl born in this city, who is now Mrs. C. W. Smith, and has a girl baby of her own.

"I am in a great hurry," said the bald-headed man as he climbed into the barber's chair. "Can you cut my hair if I leave my collar on?" "Sure," replied the barber, as he glanced at the shiny dome; "even if you leave your hat on."—Bulletin.

### "NUGGET NELL" DELIGHTFUL.

Dorothy Gish invariably is delightful in any screen characterization, but in "Nugget Nell," her latest Paramount picture, which is being shown at the Royal Theater April 27th, she is irresistible. This is a humorous travesty upon the wild and movie West which all alike will enjoy for its kindly satirical qualities. Miss Gish has a role which she handles with all the chic that won her fame in previous screen productions. She is well supported by capable players, and in every respect "Nugget Nell" is vastly enjoyable.

DOROTHY GISH  
"Nugget Nell"

Program for Week Commencing Sunday, April 25th:

Sunday—George Walsh in "Putting One Over," Pollard comedy and Mutt and Jeff cartoon.  
Monday—Vivian Martin in "The Third Kiss" and William Duncan in "Silent Avenger," No. 3.  
Tuesday—Dorothy Gish in "Nugget Nell" and Dehaven comedy, "Honey-mooning."  
Wednesday—Henry B. Walthal in "The Boomerang," Larry Semon in "The Simple Life."  
Thursday—Henry B. Walthal in "The Boomerang," Larry Semon in "The Simple Life."  
Friday—Clara Kimball Young in "The Better Wife," and comedy, "Back to Nature Girls."  
Saturday—Norma Talmadge in "The Way of a Woman," and Jennings' story, "Bandit Gold."

### WATER WILL STILL BE SHORT THIS YEAR

"While the water conditions have been slightly improved by the recent storms, there still is to be faced a serious deficiency in the summer supply," declares Paul Bailey, water master in charge of the distribution of water from the Sacramento river, in accordance with the plan of the Emergency Water Conservation Conference, an organization of federal and state officials formed to meet the conditions created by the subnormal rainfall of this and three previous years.

"The recent storm which passed over the state has somewhat brightened the outlook for irrigation water in the Sacramento river this summer," said Bailey. "There is great danger, however, of misinterpreting the existing conditions."

"The storm of last week," said State Power Administrator H. G. Butler, "will increase the amount of water to be impounded in storage, and to a lesser extent will help in maintaining the stream flows during the summer, but it will have a very small influence upon the situation in July, August, and September, when the power shortage will be most acute."

Secretly, the socialists are glad the New York state assembly ousted five of their representatives from their seats in the legislative body. The assembly's action kept the socialists on the front pages for weeks and started a lot of people thinking about socialism who had never thought about it before.

Some one in Albany stole Mrs. O'Leary's cow.

Most newspaper editors think that we got more publicity men out of the war than anything else.

A London dispatch says that the burgomaster and the city council of Ypres have published an advertisement in the newspapers reading:

### NOTICE.

"The burgomaster and the city council of Ypres urge you to remember that the ground you walk on is hallowed by the sacrifice of 250,000 British officers and men who were killed or wounded in battle."

We might well remember in this country that certain ideals which some people are trying to walk on have been hallowed by the lives and wounds of 250,000 Americans.

Isn't it a fact that the man who used to drive a horse toots his automobile horn the loudest when a team gets in his way?

More than thirty million dollars was realized in Texas alone last year collecting and selling junk. America will prosper when she turns all of her junk into Thrift Stamps.

### Listen, Candidates!

The price of donkey rides has increased 100 per cent in Golden Gate Park in San Francisco. The children used to get two rides for a nickel, whereas now they straddle the donkey at 5 cents straight. However, elephant riding is still higher.

Fabre tells in one of his incomparable studies of insect life of one species of insect wherein the female eats her husband when she is through with him. We ought to get some of our scientists at work studying these women who clutter up our criminal courts on charges of killing their husbands.

### Vanderlip Says Good-By.

Frank A. Vanderlip, on the eve of his departure for the Orient, shakes hands and says: "America has entered an era of false prosperity."

It is a good thing to save your money during such an era and to put

it in government securities. For the truth will out.

Since prohibition, a Chinese of San Francisco named Ah Why started a drug store. Ah, why?

Overalls certainly covered undercurrents in that parade in Tampa, Florida, the other day, when 500 citizens dressed in overalls and calico marched to the courthouse square and signed a petition pledging themselves not to buy expensive garments as long as present prices prevail. The petition presented to the mayor appealed for a limit on profits of manufacturers and retailers and charged the former with profiteering. City firemen abandoned their uniforms and went to work in overalls.

When the boss read in his paper that Mary Pickford was married again, he picked up the telephone and called Douglas I.

Champ Clark says it is no trick to make a good speech providing the speaker talks about something he knows something about.

### Chile con Carne.

An old-time San Francisco newspaper man went into Mexico to get the truth. He says Americans down there told him it would be a good thing for Mexico and the United States if about 50 per cent of the Americans in Mexico were deported.

Irish revolutions lost their "kick" when Sinn Feiners, scornful of the time-honored shillalah, began to use pistols and guns.

### Another River of Doubt.

Nobody knows where the Wurzburger flows.

One of the items in the bill for convicting Anita Whitney, the social worker, for criminal syndicalism, was \$148.53 for cigars, periodicals, and confectionery consumed by the jury. Four of the women jurors denounced the charges as exorbitant.

### Now That the Campaign Is On.

Ambrose Bierce used to tell of the settlement of a great question once agitating the minds of the Athenians. It was advertised that on a certain date in Athens the Oracle of Delphi would speak through a statue of one of the gods. From far and near the Athenians gathered at the appointed hour, and silence fell over the great throng. The statue spoke. It said: "A cow is a roasted potato."

"Do you think that will help him?" "It will help him pay my bill."
